

# Miss Millers' Reading Life

## Favorite Places to Read!

- \*In the car or on the bus
- \*By a fireplace {with hot chocolate}
- \*By my pool on a sunny day

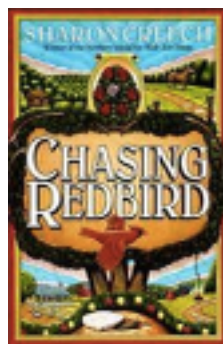

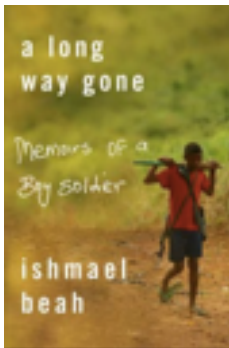

## Some Of My Favorites:

I love adult reading as well as children's literature! Fiction or Non Fiction!

## What else to read?

- \*Newspaper
- \*News websites
- \*Journals
- \*Blogs

## How do you make time to read?

Always carry a books with you- in your car, backpack, purse. Take little time gaps to read instead of playing on your phone! You'll be surprised how far you can get by using those little breaks to read instead of playing games on your smartphone.

## How do I decide what to read?

- \*I read books my close friends recommend to me. If they loved it- good chance I will too!
- \*I check out recommendations from GoodReads as I add what I already am reading, how I rated it, and what I have already read.
- \*I read books by authors I have already liked. If I liked their first few books, good chance I'll like others written by them too!
- \*I look at what my local library is displaying.
